

Information Technology

UPDATED SEPTEMBER 28, 2015

NAMI GBCAN

The NAMI Greater Boston Consumer Advocacy Network (GBCAN) is a peer-run organization helping people advance in their recovery from mental health and/or addictions. Our volunteers help run support groups, do individual and systemic advocacy, outreach and development, information technology, public policy, tutoring and other activities. You will be working closely with co-founder Howard D. Trachtman, BS, CPS, a nationally recognized mental health advocate and a variety of passionate other volunteers.

Responsibilities

NAMI GB CAN the NAMI Greater Boston Consumer Advocacy Network seeks information technology associates to help maintain our hardware and software at NAMI GBCAN, the Hope Center hoperlc.org and the Metro Boston Recovery Learning Community (MBRLC), metroostonrlc.org. We are peer-run organizations primarily serving people with mental health and addictions and their families.

We are also seeking people who can teach hardware and/or software skills to our members and staff.

Application

To apply or if you have any questions, please contact:
