

Volunteer Coordinator

UPDATED SEPTEMBER 28, 2015

NAMI GBCAN

The NAMI Greater Boston Consumer Advocacy Network (GBCAN) is a peer-run organization helping people advance in their recovery from mental health and/or addictions. Our volunteers help run support groups, do individual and systemic advocacy, outreach and development, information technology, public policy, tutoring and other activities. You will be working closely with co-founder Howard D. Trachtman, BS, CPS, a nationally recognized mental health advocate and a variety of passionate other volunteers.

Responsibilities

We are seeking a volunteer coordinator to help manage our volunteers and recruit additional volunteers. We also help staff the Hope Center hoperlc.org which is part of the Metro Boston Recovery Learning Community (MBRLC) metrobostonrlc.org. We are also hoping to create a handbook for our volunteers to learn how to do various duties at NAMI GBCAN and the Hope Center. This position is available because our volunteer coordinator has just accepted a paid position with the MBRLC.

Application

To apply or if you have any questions, please contact:
